

March 13, 2020:

Due to the increasing concerns of the coronavirus (COVID-19) pandemic, **effective immediately, all Westchase Soccer Association (WSA) soccer activities (practices and games) are suspended until further notice.**

WSA has been evaluating what the impact may be to our organization and how we need to respond. WSA feels we must take proactive measures to reduce the spread of the virus and this decision is in the best interest of our players, families and community. By suspending all of our soccer activities, WSA feels we are doing our part to act responsibly, without being alarmists during this crisis. WSA encourages everyone to cooperate with authorities and focus on doing everything possible to help contain and stop the spread of this virus. For more information, visit the Centers for Disease Control website and subscribe to public safety alerts from Hillsborough County: HCFL/StaySafe.

WSA will continue to monitor this situation closely, consulting with Hillsborough County officials and collecting data as it is made available. We will broadcast updates via email and our website as more definitive information becomes available which will guide our decisions regarding when to proceed with our Spring 2020 season.

We recognize the disappointment of not being able to practice and play games, but WSA strives to put the health and safety of our participants first and foremost in our decisions. WSA would like to thank you for your support and understanding of our decisions during these extraordinary circumstances.

Stay safe,

Westchase Soccer Association
