

Last week, Hillsborough County youth sports organizations received notification from Hillsborough County Athletics that fields will remain closed to the public until further notice. HC Athletics met with the Office of Emergency Management and the Board of County Commissioners on May 4. HC Athletics will be scheduling a conference call with youth sports organizations to provide an update and communicate the new procedures for resuming leagues. No date/time has been provided yet on when this conference call will be scheduled.

Once direction/guidance is provided by the County, WSA will determine how and when it can proceed under the new guidelines.

We can only take this one day at a time.

Thanks for your patience!
